Incubator*

How do you get the dough to grow?

You are operating a small business and are succeeding. You want to expand and need capital to make it happen. Where - and how - do you secure the necessary dough?

A SCORE workshop - An Insider's View: Securing Capital to Grow Your Business - will provide answers.

Our presenter:

Dick Kress has had a forty year career in corporate banking. He has worked for both community banks and large regional banks in corporate lending and finance.

Most of his banking career he has spent working with small and middle market companies in the North East Ohio Area.

Presently Dick owns and operates a consulting firm specializing in advising family owned businesses.

Dick joined SCORE in 2012 and serves as chapter treasurer.

If you have any questions please call the SCORE office at 330-244-3280 or email cantonscore@gmail.com.
